

Lucille Trepanier

Product Designer

I turn dense, multi-step workflows into products people trust, and I ship the frontend.

EXPERIENCE

Lucytrep Labs (New York, NY) Product & Visual Designer - Built Athlena's design system from 0 to 1 in Figma, then built the responsive site, Node.js APIs, and AI ticketing chatbot - Designed <u>Draft</u> from wireframes and prototypes to a polished iOS UI that turns spoken prompts into palettes, layouts, and moodboards - Design product and campaign work for Nike, FIFA, Unilever, and CIBC through agency partners	Jun 2026 - Present
Acuity, 24-hour hackathon (New York, NY) Product Designer, TNS AI Startup Design Hackathon - Designed <u>Acuity</u>, turning complex data into one clear decision and one next action - Prototyped the system in Figma Make, Claude, Midjourney, and Sora to move from flow to UI in 24 hours - Kept humans in control of AI by limiting the system to prompting action, not deciding for them	Feb 2026
Victory Creative Group (Toronto, ON) Digital & Graphic Designer - Designed data-driven infographics for Nike and Dove, turning real numbers into clear visual stories - Partnered with one engineer to design a complex, multi-step Fanatics Fest purchase flow for 125,000 attendees - Designed Nike ecommerce user flows from concept to production, handing polished UI to engineering - Grew into lead designer on Mamba League LA and WNBA Live, aligning Nike, Google, and American Express	Aug 2023 - Jul 2025
Toronto Metropolitan University (Toronto, ON) Design Researcher - Led a year-long study on AI and other integrated technologies in graphic communications and was first author of a peer-reviewed paper (<u>Journal of Print and Media Technology Research, 2024</u>) - Presented the research at the Iarigai conference in Germany - Mentored two autistic students in information architecture through Autism CanTech!	Sep 2022 - Sep 2023
Future of Sport Lab / Victoria Park Analytics (Toronto, ON) Product Strategist & Design Researcher - One of the few non-MBA contributors to Victoria Park Analytics, on work recognized by TSN and Billie Jean King's Trailblazer Venture Studio - Turned athlete media analysis into Gen Z engagement recommendations	Mar 2021 - Sep 2022

EDUCATION

Parsons School of Design, The New School (New York, NY) MPS Communication Design, Key Focus: Digital Product Design - STEM-designated graduate - Capstone Draft, a voice-to-design iOS app	Aug 2025 - May 2026
Toronto Metropolitan University (Toronto, ON) B.Tech (Honours), Graphic Communications Management - Graduated with Distinction (GPA 4.11/4.33) and Dean's List each year. Minors in Communication Design and Marketing - Undergraduate thesis on leveraging AI in the workplace and overcoming resistance to adoption in digital GCM corporations	Aug 2019 - Jun 2023
CareerFoundry (Online) Intro to UX Design Certificate	May 2021
Parsons Paris, The New School (Paris, France) Graphic Design summer abroad program (4.0 GPA)	Jun 2018 - Jul 2018

AWARDS

Departmental Honour Award, Parsons, 2026
Communication Design Microgrant, Parsons, 2026
Merit Scholarship, Parsons
Entrance Scholarship, TMU, renewed all four years

LEADERSHIP

Guest Lecturer
Design and Layout, The Creative School, TMU
May 2024

Invited Speaker
AI in Design, GCM Colloquium, TMU
Mar 2024

VP of Design
TMU UX Team
Sep 2021 - Aug 2023

First-Year Representative
GCM School Council, TMU
Sep 2019 - Apr 2020

SKILLS

Design

Product & interaction design
Prototyping & wireframing
Design handoff, Data visualization
Design systems
Information architecture
User research & testing
Accessibility (WCAG)
Workflow mapping

Tools

Figma (components, variables, advanced prototyping), Figma Make, Framer
Adobe Creative Suite
Cursor, Claude Code
Codex, GitHub
Vercel, Xcode

Engineering & AI

HTML, CSS, JavaScript
React Native, Swift
Node.js
LLM & API integration
AI-assisted development
