

Lucille Trepanier

Experience

Independent Product & Visual Designer

Lucytrep Labs • New York, NY

June 2026 — Present

- Partner with creative agencies including Highly Likely, Obsidian Works, Tiebreaker, and Affectionately Known across product, retail, digital, and campaign design engagements.
- Through agency partnerships, deliver design work for Nike, NikeSKIMS, FIFA, Unilever, Dove, Degree, AXE, Toronto Tempo, CIBC, and OT7.
- Lead projects from early creative direction and concept development through client presentation, iteration, production design, and final handoff across concurrent agency timelines.

Digital & Graphic Designer

Victory Creative Group, Inc. • Toronto, Ontario

Permanent Full-Time • Aug 2023 - Jul 2025

(Interned May—Sep 2022)

- Designed end-to-end user flows within Nike's global e-commerce ecosystem, owned internal brand systems for employee conferences, and led the Fanatics NYC ticketing redesign and NBA digital work including the NBA x Raptors documentary site.
- Developed athlete brand systems for Caitlin Clark and Sabrina Ionescu during their Nike launches; produced campaign moments for LeBron James, Serena Williams, Sha'Carri Richardson, Brooks Koepka, and others distributed globally across athlete and Nike channels.
- Led creative direction and end-to-end design for Mamba League LA and WNBA Way at WNBA Live, coordinating across stakeholders including Nike, Google, American Express, Ally Financial, Peloton, and Deloitte.

Design Researcher

Toronto Metropolitan University • Toronto, Ontario

Contract Part-Time • Sep 2022 - Sep 2023

- Co-authored and published peer-reviewed research in the Journal of Print and Media Technology Research (2024) — exploring AI as a creative collaborator in design workflows. [Read the paper.](#)
- Co-presented findings at the Iarigai International Research Conference at the University of Wuppertal, Germany.

Beyond Work

AI in Design — GCM Colloquium

Invited Speaker • Toronto, Ontario

March 2024

- Invited to speak on AI in creative fields alongside senior industry professionals and academics — one of the earliest design-focused forums on the subject.

Design and Layout — The Creative School, TMU

Guest Lecturer • Toronto, Ontario

May 2024

- Invited by Professor Jonathan Wong to speak to undergraduate Design and Layout classes on industry experience, design thinking, and AI in creative workflows.

Autism CanTech! — Mentor

Humber College Employer-Partner Program • Toronto, Ontario

Nov 2022 — Feb 2023

- Certified employer-partner mentor; designed and led weekly sessions for two autistic students in design thinking, information architecture, data visualization, and synthesis.

Education

Parsons School of Design, The New School

MPS Communication Design — Digital Product Design

Aug 2025 - May 2026

Departmental Honour Award recipient and Merit Scholarship recipient. STEM-designated graduate program concentrating in digital product design. Capstone project, Draft, is a native iOS app that uses AI to generate three real-time creative directions from a spoken prompt, spanning color palettes, UI layouts, image collections, and moodboards.

Toronto Metropolitan University (TMU, formerly Ryerson University)

Graphic Communications Management (GCM),

B.Tech (Honours)

Aug 2019 - June 2023

Merit scholarship recipient. Dean's List all four years. Graduated with Distinction. GPA: 4.11. Minors in Communication and Design and Marketing — both of which led directly to research positions at Ted Rogers School of Management and The Creative School.

Parsons Paris, The New School

Graphic Design

Jun 2018 - Jul 2018

Summer abroad in graphic design, studio practice and cross-disciplinary collaboration. 4.0 GPA.
