EXPERIENCE

Lucytrep Labs (New York, NY) Product & Visual Designer	Jun 2026 - Present
- Designed and shipped <u>Draft</u>, a native iOS app that turns spoken prompts into palettes, layouts, and moodboards - Building Athlena from a 0-to-1 Figma design system through product UI, APIs, and an AI chatbot for fitness event ticketing - Move between information architecture, interaction, and visual design from wireframes through shipped UI - Design product, retail, and campaign work for Nike, FIFA, Unilever, and CIBC through agency partners	
Acuity, 24-hour hackathon (New York, NY) Product Designer, TNS AI Startup Design Hackathon	Feb 2026
- Designed <u>Acuity</u>, an AI health wearable that turns biometric change into a risk state and one next action - Simplified health data into a single next step, then prototyped the wearable and product flow in 24 hours	
Victory Creative Group (Toronto, ON) Digital & Graphic Designer Intern	Aug 2023 - Jul 2025 May 2022 - Sep 2022
- Partnered with one engineer to redesign and launch Fanatics Fest ticketing, owning UX, UI, and checkout for 125,000 attendees - Designed end-to-end user flows for Nike's global ecommerce platform, from concept through production - Grew from intern into lead designer on Mamba League LA and WNBA Live, aligning Nike, Google, and American Express	
Toronto Metropolitan University (Toronto, ON) Design Researcher	Sep 2022 - Sep 2023
- Led a year-long study on AI in graphic communications and first-authored a <u>peer-reviewed paper (2024)</u> - Presented the research at the iarigai international conference in Germany - Mentored two autistic students in information architecture through Autism CanTech!	
Future of Sport Lab (Toronto, ON) Product Strategist & Design Researcher	Mar 2021 - Sep 2022
Turned athlete media analysis into Gen Z engagement recommendations for a women-led sports-tech consultancy
